**FISCAL ANALYSIS**

---

**ASSUMPTION**

**Department of Natural Resources** officials stated that the department does not anticipate a significant amount of additional trash going to landfills as a result of the proposed legislation. Officials estimate that most of the trash that could be removed as a result of the trash control ordinances being enforced would have eventually been disposed of at landfills anyway, so there would be no fiscal impact to the department from this proposal.

However, if this proposal does result in additional trash being disposed of in the landfills, that waste would be subject to a tonnage fee. The current rate per ton at landfills and transfer stations is \$1.85. The current rate at demolition landfills is \$1.23.

**Missouri Department of Transportation** officials assume no fiscal impact.

**Missouri Department of Conservation** officials assume no fiscal impact.

**City of Maryville** officials assume no fiscal impact.

**City of Mexico** officials assume no fiscal impact.

**City of Hannibal** officials assume no fiscal impact.

<b><u>FISCAL IMPACT - State Government</u></b>	<b>FY 2001 (10 Mo.)</b>	<b>FY 2002</b>	<b>FY 2003</b>
	\$0	\$0	\$0
<b><u>FISCAL IMPACT - Local Government</u></b>	<b>FY 2001 (10 Mo.)</b>	<b>FY 2002</b>	<b>FY 2003</b>
	\$0	\$0	\$0

**FISCAL IMPACT - Small Business**

No direct fiscal impact to small businesses would be expected as a result of this proposal.

L.R. NO. 4470-01  
BILL NO. HB 1979  
PAGE 3 OF 3  
February 28, 2000

**DESCRIPTION**

Under current law, municipalities are allowed, after proper notice, to order property owners to remove weeds which have been declared a nuisance. This bill allows the same process for the accumulation of trash in violation of a municipal ordinance.

The bill contains a penalty provision.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
